Questions families may wish to ask when looking for a private practitioner:

- Is the therapist a member in good standing of the College of Occupational Therapists of Ontario? You can contact the College to verify the therapist's registration by calling 1-416-214-1177.
- What is the paediatric experience of the specific therapist who will be seeing your child? For example: Do they have experience with school related problems, developmental coordination disorder, head injury, social-emotional issues, sensory integration or any other areas of concern regarding your child?
- What is the cost for their services?
- Can they provide references from previous clients who have used their services?
