

Patient Lockbox Request

Instruction for Patients

You have the right to ask that we not share some or all of your health record with ByWard FHT Team Members or ask us not to share your health record with your external health care providers (such as a hospital or a specialist). This is informally known as asking for a “lockbox”.

Before signing this form, please read the brochure: *Lockbox Information for Patients: How to Restrict Access to your Health Record*. There are some risks to putting your health information in a lockbox that you should consider before proceeding with a lockbox request. Because of these risks, ByWard FHT strongly recommends that our patients consider making certain information private rather than “locking” the entire health record. Please speak with your primary care provider (family physician or nurse practitioner) to discuss your concerns and clarify the best option(s) to meet your needs. You can also speak with our Privacy Officer who can be contacted at:

PrivacyOfficer@uohs.uottawa.ca
